DRAFT FOR A COMMEMORATIVE MONUMENT
TO THE MEMORY OF THE GYPSY VICTIMS
OF THE HOLOCAUST

HONOURABLE DECISION-MAKERS

Through all our history we Gypsies have struggled to survive as a peaceful, but also a persistent folk.

The centuries through as we've been spread all around the world, no Gypsy did ever shoot a bullet to fight for the political rights, such as territory claim and other benefits.

Deeply unfair is that the innocent people became victims of Nazi's merciless Holocaust.

About 700 000 Gypsies got also killed under the Second World War all around the Europe.

But no monument nor memorial has elsewhere built to honour those innocent victims. Our executed descendants didn't get even a by-lane nor a market-place called after them.

We've no place to glance at, to remind of, nor to meditate over....

Now has however an opportunity revealed to set the right for at least a certain part. The Polish government gives us the place at disposal to mount on a commemorative monument to the memory of the Gypsy victims of the Fascist Holocaust in the Extermination Camps of Auschwitz.

An artist, self a Gypsy, has outlined a monument which could give to the all Gypsies in the world a feeling of redress. Only if the project can see the broad-daylight.

Without the economical support the project will remain as an elusive dream. If the project gets into the realization, it will also testify all our history, filled with sufferings, discrimination and isolation.

May be the glory to You, highly-esteem, if You hearken to our prayer.
